

# Welcome

✓ Tips for using your health benefits with confidence

# Thank you for being a member.

We're here to help make your health care experience easier. Use this guide to better understand your benefits, find care options, manage costs and get the most out of your health plan.

## What's inside:

- Important things to know and do
  - Put your benefits to work
  - Find the care you need
  - Know how your health plan works
  - Save on medications
  - Explore additional health and wellness resources
- 

### Have a health care question?

Call a UnitedHealthcare Advocate at **1-800-718-1299**.

---

### Tell us what else you'd like to see.

If you receive a request to complete a survey about your health care experience, we'd appreciate any feedback you can provide.

## Take advantage of the Consumer Driven Option Plan.

- Save on eligible expenses using your **Personal Care Account (PCA)**. **Every January, the plan deposits \$1,200 or \$2,400 into your PCA**, depending on your level of coverage. (Learn more on [page 4](#) and [page 7](#).)
- Get an additional **\$25 for your PCA** any time you or a covered family member gets an annual physical exam, mammogram or cervical cancer screening. Limit of \$75 per person.
- Use **One Pass Select®** to access thousands of gyms nationwide, with memberships starting at \$10/month. (See [page 9](#) for more details.)

## Access your plan details at myuhc.com.

- Register at [myuhc.com](https://myuhc.com)® to explore your benefits and make informed care decisions.
- Find care and compare costs for network providers and services.
- Check plan balances, view your claims and access your health plan ID card.
- Access wellness programs and view clinical recommendations.
- Use 24/7 Virtual Visits to connect with providers by phone or video\* to discuss common medical conditions and get prescriptions,\*\* if needed.
- View your PCA balance.
- Compare prescription costs and order refills.

### Set up your account today.

- Go to [myuhc.com](https://myuhc.com) > **Register**.
- Have your ID card handy and follow the step-by-step instructions.

## Download the UnitedHealthcare app.

The **UnitedHealthcare® app** puts your health plan at your fingertips. Download it to:

- Find nearby network care options in your network.
- See your claim details and view progress toward your deductible.
- View and share your health plan ID card with your doctor's office.
- Video chat with a doctor 24/7.

\*Data rates may apply.

\*\*Certain prescriptions may not be available, and other restrictions may apply.

Receive a  
**\$25**  
wellness incentive

— added to your PCA —  
for each annual physical exam,  
mammogram or cervical cancer  
screening you or a covered family  
member completes.

Limit of \$75 per person.

## Let your Personal Care Account (PCA) help cover health costs.

The Consumer Driven Option Plan features a PCA that covers 100% of your health care expenses as long as there are funds available. In January each year, the plan automatically funds your PCA at \$1,200 (self only) or \$2,400 (self plus one or self and family). You can use your PCA for:

- Dental and vision services
- Medical care
- Mental health and substance use treatment
- Prescription drugs and supplies
- Surgery and hospital services

Your PCA covers both network and out-of-network services. However, care can be less expensive when you stay in the network because network providers discount their fees.

Learn more about controlling how your PCA pays claims on [page 7](#).

### Roll over unused funds in your PCA.

If you have money in your PCA at the end of the year, your balance will automatically roll over to the next year, as long as you stay enrolled in this plan. The maximum allowed amount is \$5,000 (self only) and \$10,000 (self plus one or self and family).

## Help boost your overall well-being.

### Find a network PCP.

A PCP is a primary care provider, sometimes called a primary care physician or doctor. They can be a family practitioner, internist, pediatrician or general medicine physician. Although your plan does not require you to choose a PCP, it's a good idea to have one because your PCP generally:

- Knows your health history.
- Can guide you on the best path of care.
- Can advise you when to see a specialist and provide electronic referrals.

Sign in to [myuhc.com](https://myuhc.com) > **Find Care & Costs** to find a network physician, clinic, hospital or lab based on location, specialty, reputation, estimated cost of services, availability, hours of operation and more. You can even see patient ratings and compare quality and costs before you choose a provider. If you'd like more information on a physician's professional qualifications, call a UnitedHealthcare Advocate at **1-800-718-1299**.

### Keep up on preventive care.

Preventive care, such as routine wellness exams and certain recommended screenings and immunizations, is covered at no additional cost when you see network providers. Learn more at [uhc.com/preventivecare](https://uhc.com/preventivecare).

### Choose quality care providers.

The **UnitedHealth Premium® program** uses national, evidence-based measures to evaluate physicians in multiple specialties to help you make more informed choices for your medical care. To find UnitedHealth Premium Care Physicians, go to [myuhc.com](https://myuhc.com) > **Find a Provider** and look for the blue hearts. ❤️❤️

### Shop around.

Whether you're having a minor procedure or a major surgery, it's a good idea to check pricing before scheduling an appointment. Visit [myuhc.com](https://myuhc.com) > **Find Care & Costs** to estimate your costs.

## Get access to care anytime – virtually.

Use your smartphone or other connected device\* to access virtual care. Download the UnitedHealthcare app or visit [myuhc.com/virtualcare](https://myuhc.com/virtualcare).

### What kind of virtual care might be right for you?

#### Virtual primary care\*\*

Connect remotely with a virtual PCP – and their team of health care professionals – without having to leave home or work.\* You can see the same virtual PCP for preventive care, follow-up visits and checkups for ongoing conditions like asthma, diabetes and more. A care team will also guide you, when needed, to in-person care such as labs, imaging, specialists and more.

#### 24/7 Virtual Visits

Providers can treat a wide range of health conditions – including many of the same conditions as an emergency room (ER) or urgent care – and may even prescribe medications.\*\*\*

#### Virtual specialists

Get access to care from specialists trained to understand your condition and deliver personalized care wherever you are. Meet online with a specialist for these conditions and more:

- Back and joint pain
- Dermatology
- Gastroenterology
- Migraine care
- Sleep conditions
- Speech therapy
- Women's health\*\*\*\*

\*Data rates may apply.

\*\*Virtual primary care is applied to primary care benefits – it is not applied to 24/7 Virtual Visits benefits.

\*\*\*Certain prescriptions may not be available, and other restrictions may apply.

\*\*\*\*"Women's health" is a broader term used to describe conditions, services or supportive programs and resources, not to describe those supported. UnitedHealthcare provides supportive resources for all eligible individuals, regardless of gender identity or expression.

## Compare options to help keep costs down.

Getting care at the place that may best fit your condition or situation may save you up to \$1,500 compared to an emergency room (ER) visit.\*

# The Consumer Driven Option Plan: a breakdown.

## 1 Your health expenses are paid by your PCA first.

The APWU Health Plan contributes money to your account:

Self only	Self plus one/Self and family:
\$1,200	\$2,400

Your full PCA balance is available in January each year. Your PCA pays your eligible medical and pharmacy expenses as long as there are funds available.

## 2 After you use up your PCA funds, you need to meet your deductible.

Your deductible is the amount you pay before your medical plan pays.

### Deductible:

Self only	Self plus one/Self and family:
Network: \$2,200 - \$1,200 (PCA) = \$1,000	Network: \$4,400 - \$2,400 (PCA) = \$2,000
Out-of-network: \$2,700 - \$1,200 (PCA) = \$1,500	Out-of-network: \$5,400 - \$2,400 (PCA) = \$3,000

## 3 After your deductible is met, you then pay only coinsurance.

Once you've met your deductible, you and the medical plan share expenses. This is called coinsurance. The percentage you pay for covered services is:

### Medical services:

- Network – 15%
- Centers of Excellence (COEs) – 10%
- Out-of-network – 50%

Network preventive care is covered 100%.

### Prescription drugs (retail or mail order):

- Network – lowest-cost medications (Tiers 1 and 2) – 25%
- Highest-cost medications (Tier 3) – 40%
- Out-of-network – Not covered

The maximum prescription amount for Tiers 1 and 2 is \$200 per prescription for a 30-day supply, and \$300 per prescription for Tier 3. After you reach your out-of-pocket maximum, all eligible expenses are covered up to 100% for the rest of the year.

### Out-of-pocket maximum:

Self only	Self plus one/Self and family:
Network: \$6,500	Network: \$13,000
Out-of-network: \$12,000	Out-of-network: \$24,000

## Control how your PCA pays claims.

If you don't want your PCA to automatically pay your medical claims, you must take the following steps **each year**:

- Sign in to [myuhc.com](https://myuhc.com)
- Click on **"Claims and Accounts"**
- Click on **"Health Reimbursement Account"**
- Click on **"Manage Automatic Payments"**
- Click on **"Discontinue"**

**Note:** If you changed your automatic payment settings in 2025, you **must** do it again in 2026. Please note that your pharmacy claims will always be paid automatically by your PCA. If you have any questions, please call **1-800-718-1299**.

## Say hello to your pharmacy benefits.

Optum Rx® is your pharmacy benefit manager, making it easier to save on medications and keep track of them, whether you're online or on the go.

### Manage your meds.

When you go to [myuhc.com](https://myuhc.com) > **Pharmacies & Prescriptions** you can:

- Find and compare medication costs.
- Locate a network pharmacy.
- See if your medications have any requirements before filling them.

## Maximize your prescriptions one of three ways.

### 1 Choose Optum® Home Delivery Pharmacy.

Order up to a 3-month supply of medications you take regularly to be delivered to your home.\* Sign up on [myuhc.com](https://myuhc.com), use the **UnitedHealthcare app** or call **1-800-718-1299**. Make sure you have at least a 1-month supply to cover you through the transition.

### 2 Pick up at the pharmacy.

Show your ID card at any network pharmacy — which can be found by checking the **Pharmacy Locator** on [myuhc.com](https://myuhc.com), the **UnitedHealthcare app** or by calling **1-800-718-1299**.

**If you fill a prescription when you have benefit dollars available in your PCA, the funds will be applied and you may pay nothing.**

### 3 Consider lower-tier and generic medications.

Choosing generic medications or those in the lower tiers of your Prescription Drug List (PDL) may help keep costs down.

Sign in to [myuhc.com](https://myuhc.com) > **Pharmacies & Prescriptions** to:

- View your PDL.
- See the most commonly prescribed medications covered by your plan.
- Find pricing and lower-cost options.

\*Not all prescriptions are eligible for home delivery or a 3-month supply.

## Make your way toward enhanced wellness.

Check out the following resources for extra support to reach your health goals.

### Rediscover your passion for health.

You and eligible family members can use One Pass Select to reach your fitness goals. Whether you work out at home or at the gym, choose a membership that fits your lifestyle in one easy, affordable plan.

- Choose from a large nationwide network of gyms and fitness studios.
- Work out at home with live or on-demand fitness classes.
- Get groceries and household essentials delivered to your home.
- Select the \$10/month digital-only plan or one of the five other membership tiers.

Get started at [OnePassSelect.com](https://www.onepassselect.com).

### Start living tobacco-free.

Since 1985, **Quit For Life**® has helped more than 4 million tobacco users quit for good. It's a personal support program available at no additional cost to you. Choose from a variety of online tools and get access to a Quit Coach® and an app to customize a Quit Plan to help you break free from tobacco. Enroll today at [myuhc.com](https://www.myuhc.com).

### Your path to better health.

Sign up for **Optum Engage** on [myuhc.com](https://www.myuhc.com). It's a program to help you move more and eat better to reach your health goals. It even rewards you for your progress. How it works:

- **Take your health survey** to see how you're doing in vital areas such as nutrition, fitness, sleep and stress. This helps you pinpoint focus areas for goal setting.
- **Pick your focus.** Get personalized recommendations based on your survey results. Then, choose ones that fit your lifestyle and track your progress on your dashboard.
- **Earn rewards.** Pretty much everything you do within Optum Engage will earn you points. Log in to Optum Engage and check the rewards section to see all available options. You may donate your points to help trigger a donation by Optum Engage to one of several worthy causes. When a charity reaches a certain point threshold, Optum Engage will make a cash donation to that charity.

## Find support for your growing family.

### Maven.

APWU Health Plan members and their covered dependents enrolled in the Consumer Driven Option Plan have 24/7 access to Maven®, an all-in-one digital health platform to support you on your pregnancy and postpartum journey, up to your child's first birthday. You can use Maven to:

- Book virtual appointments for unlimited coaching and education with providers across 30+ specialties, including OB-GYNs, mental health specialists, physical therapists, career coaches and pediatricians.
- Talk to your own Care Advocate who can help you find support, navigate your benefits and understand your health bills.
- Access community forums and a library of expert content, including provider-led classes like Postpartum Recovery 101.

Visit [mavenclinic.com/join/apwuhp](https://www.mavenclinic.com/join/apwuhp) for more information.

## Get care for specific needs.

### Behavioral health support.

Whether you have a specific need or want to work on your personal growth, connect to self-help digital tools, in-person or virtual behavioral health providers and more for help to:

- Address depression, stress, anxiety or substance use issues.
- Improve relationships at home or work.
- Work through emotional issues or grief.
- Manage medications, compulsive habits or eating disorders.

Whenever you need someone to talk to, support is available.

Visit [myuhc.com](https://myuhc.com) or call **1-800-718-1299** to get started.

### Disease management.

These services are designed to help you manage chronic health conditions more effectively.

Specialized program nurses are available to help you and your family manage conditions such as:

- Asthma
- Back pain
- Chronic kidney disease
- Chronic obstructive pulmonary disease (COPD)
- Coronary artery disease
- Diabetes
- Heart failure

Visit [myuhc.com](https://myuhc.com) or call **1-800-718-1299** to get started.

### Access to some of the nation's leading health care facilities.

If you have a special condition, such as cancer, or need an organ transplant, our Centers of Excellence (COE) network is available to help you find doctors and medical centers, and better understand your specific care needs. COEs help supplement the care you may be receiving from your local hospital and doctor, and offer benefits that may include:

- Higher rates of accurate diagnoses and appropriate therapy
- Fewer complications
- Planned and coordinated care provided by a team of experts
- Higher survival rates, shorter stays and decreased costs
- Expanded treatment options

COEs are here to offer access to the care you need, when you need it. Please note that you pay a lower coinsurance (10% instead of 15%) for eligible cancer care and organ transplant services when you use a Centers of Excellence facility.

### Check out available hearing aid benefits.

UnitedHealthcare Hearing provides access to over 2,000 name-brand models and styles of hearing aids at significant savings. Choose virtual care with hearing aid home delivery or in-person care at more than 7,000 hearing providers nationwide.

Member phone number services should not be used for emergency or urgent care needs. In an emergency, call 911 or go to the nearest emergency room. The information provided through the member phone number services is for informational purposes only and provided as part of your health plan. Wellness nurses, coaches and other representatives cannot diagnose problems or recommend treatment and are not a substitute for your doctor's care. Please discuss with your doctor how the information provided is right for you. Your health information is kept confidential in accordance with the law. Member phone number services are not an insurance program and may be discontinued at any time.

Virtual primary care are services available with a provider via video, chat, email, or audio-only where permitted under state law. Virtual primary care services are only available if the provider is licensed in the state that the member is located at the time of the appointment. Virtual primary care is not intended to address emergency or life-threatening medical conditions and should not be used in those circumstances. Services may not be available at all times, or in all locations, or for all members. Certain prescriptions may not be available, and other restrictions may apply.

24/7 Virtual Visits is a service available with a Designated Virtual Network Provider via video, or audio-only where permitted under state law. Unless otherwise required, benefits are available only when services are delivered through a Designated Virtual Network Provider. 24/7 Virtual Visits are not intended to address emergency or life-threatening medical conditions and should not be used in those circumstances. Services may not be available at all times, or in all locations, or for all members. Check your benefit plan to determine if these services are available.

Certain preventive care items and services, including immunizations, are provided as specified by applicable law, including the Patient Protection and Affordable Care Act (ACA), with no cost-sharing to you. These services may be based on your age and other health factors. Other routine services may be covered under your plan, and some plans may require copayments, coinsurance or deductibles for these benefits. Always review your benefit plan documents to determine your specific coverage details.

We share available contact information (e.g., name, address, phone number) with your assigned PCP office, and they may contact you with additional information on how they can help coordinate your care.

All UnitedHealthcare members can access a cost estimate online or on the mobile app. None of the cost estimates are intended to be a guarantee of your costs or benefits. Your actual costs may vary. When accessing a cost estimate, please refer to the Website or Mobile application terms of use under Find Care & Costs section. Refer to your health plan coverage documents for information regarding your specific benefits. Specific information about network and out-of-network facility-based physicians can be found at [myuhc.com](https://myuhc.com) or by calling the toll-free member phone number that appears on your health plan ID card.

Where differences are noted between this reference guide and your benefit plan documents, the benefit plan documents will govern.

Evaluation of New Technologies: UnitedHealthcare's Medical Technology Assessment Committee reviews clinical evidence that impacts the determination of whether new technology and health services will be covered. The Medical Technology Assessment Committee is composed of Medical Directors with diverse specialties and subspecialties from throughout UnitedHealthcare and its affiliated companies, guest subject matter experts when required, and staff from various relevant areas within UnitedHealthcare. The Committee meets monthly to review published clinical evidence, information from government regulatory agencies and nationally accepted clinical position statements for new and existing medical technologies and treatments, to assist UnitedHealthcare in making informed coverage decisions.

The Centers of Excellence (COE) program providers and medical centers are independent contractors who render care and treatment to health plan members. The COE program does not provide direct health care services or practice medicine, and the COE providers and medical centers are solely responsible for medical judgments and related treatments. The COE program is not liable for any act or omission, including negligence, committed by any independent contracted health care professional or medical center.

The information in this guide is a general description of your coverage. It is not a contract and does not replace the official benefit coverage documents which may include a Summary of Benefits and Coverage and Certificate of Coverage/Summary Plan Description. If descriptions, percentages, and dollar amounts in this guide differ from what is in the official benefit coverage documents, the official benefits coverage documents prevail.

The UnitedHealth Premium® designation program is a resource for informational purposes only. Designations are displayed in UnitedHealthcare online physician directories at [myuhc.com](https://myuhc.com). You should always visit [myuhc.com](https://myuhc.com) for the most current information. **Premium designations are a guide to choosing a physician and may be used as one of many factors you consider when choosing a physician. If you already have a physician, you may also wish to confer with him or her for advice on selecting other physicians. You should also discuss designations with a physician before choosing him or her. Physician evaluations have a risk of error and should not be the sole basis for selecting a physician.** Please visit [myuhc.com](https://myuhc.com) for detailed program information and methodologies.
